Sports Banquet Finalists' Selection Process

Nominations for all five categories (Team, Coach, Male Athlete, Female Athlete, and Adaptive Team/Athlete) are submitted to the Rochester Sports (RS) via email or mail. Nominations are accepted from any member of the general public prior to the posted deadline (usually approximately Dec 1st). Nomination criteria is listed on the nomination form. Forms are available on the RS website, www.rochsports.com.

The selection committee, composed of local knowledgeable sports members, determines the finalists in each category. The committee makes every effort to rank the nominations and select the finalists based on their athletic excellence and without bias. Once the finalists are determined by the Committee – they each receive one secret ballot vote per category which is submitted to the RS Director who uses these votes to tally each respective winner. Committee members are not aware of the winners until they are announced the evening of the banquet.

Once the finalists are selected the RS notifies them personally. After contact with the finalists has been made the RS posts the finalists on the RS website, www.rochestermnsports.org and sends out a press release approximately December 13th.

If you feel you possess a wide knowledge of the Rochester area amateur sports world and would like to be considered as a possible member of this committee in the future – get in touch with the Rochester Sports office to share this interest.
